

PIRUTHIVI RAJ J

About Me

- Electronics and Communication Engineering student with hands-on exposure to Arduino-based IoT systems and circuit design.
- Strong foundation in C/C++ programming and embedded fundamentals.
- Seeking Electronics Engineering internship or entry-level role to apply technical skills and contribute to innovative engineering solutions.

69/1, Annai velankanni
nagar, karamadai
road, Mettupalayam,
Coimbatore District

Skills

- Programming Languages: C, C++, Python (Basic)
- Core Knowledge: Analog Communication, Digital Communication
- Tools & Technologies: Proteus, Altium Designer, CAD, Arduino, Basic IoT Platforms
- PROFESSIONAL SKILLS: TECHNICAL REPORT WRITING, PROMPT ENGINEERING, CONTENT WRITING, TEAM LEADERSHIP, PROBLEM SOLVING

Language

- Tamil
- English
- Telugu

Education

B.E. Electronics and Communication Engineering (ECE) – Bannari Amman Institute of Technology

1st Year | Expected Graduation: 2029

Semester 1 Result: Awaited

Higher Secondary (12th) – Metro Matriculation Higher Secondary School

Score: 93.5%

SSLC (10th) – Metro Matriculation Higher Secondary School

Score: 93.3%

PROJECTS & TECHNICAL EXPERIENCE

MYOSA Event 2025 – Electrical Circuit Design

- Worked as Electrical Circuit Design team member.
- Designed and tested Arduino-sensor interfacing.
- Supported IoT-based smart application development.

Move-A-Thon – IoT Team Leader

- Led team in building Arduino-based IoT solution.
- Managed task distribution and project coordination.
- Ensured timely and successful execution.

AMUROV – Submarine Prototype (Technical Lead)

- Led development of functional submarine prototype.
- Handled system integration and technical decisions.
- Coordinated prototype testing and improvements.

ACHIEVEMENTS & INTERESTS

- Achieved 100/100 in Mathematics (10th State Board) and 100/100 in Computer Science (12th Public Examination).
- Key Interests: Reading books, blogging, freelancing exploration, and building projects from scratch.
